Election Case No. 9 of 1924.

Khan Bahadur Abdus Salam	} of Jessore town.
<i>versus</i>	
Maulvi Rafiuddin Ahmed	

Report.

This is an election petition of Khan Bahadur Abdus Salam against the election of Maulvi Rafiuddin Ahmed to the Bengal Legislative Council from the North Jessore Muhammadan Constituency. The petitioner and the respondent were the only two candidates from the constituency. The respondent was elected by a majority of 38. The allegation of the petitioner was that on 76 ballot papers the votes were recorded in his favour but they were improperly rejected by the Returning Officer on the ground that they were not marked with the secret official seal indicative of the Bengal Legislative Council. It was asserted and it has not been denied that by some mistake or other these ballot papers had been stamped with the official secret seal indicative of the Legislative Assembly instead of the official secret seal indicative of the Bengal Legislative Council.

The petition of election was published in the *Calcutta Gazette* of the 6th February and was fixed for hearing on the 21st February 1924. On that date there was no appearance on behalf of the respondent. We thereupon heard the learned Counsel appearing for the petitioner and inspected the ballot papers and other papers relating to the election which we obtained from the Secretary, Bengal Legislative Council. We were desirous of knowing how the mistake had occurred and we postponed our consideration of the case until we saw the correspondence on the subject which was said to have passed between the Returning Officer and Government. The case was adjourned to the 27th February. On the previous day the respondent had appeared and had asked for time to file a written statement, alleging that he had a virulent attack of asthma. This petition was pressed before us on the 27th February. It transpired during the discussion of the case that the respondent had actually resigned his seat. The respondent was thereupon asked to give his deposition. It appeared from his deposition that he was aware of the petition and the date of hearing and that he left the case to be decided by the Commissioners under the idea that they would examine the materials and give their decision. It also appeared that the respondent, though ill, was not so seriously ill as to be unable to appear before us or inform us what his answer was as to the allegations of the petitioner. The respondent had obviously changed his mind. We held in these circumstances that no case of extending the time had been made out and we rejected his prayer for an adjournment.

The respondent filed a written statement. It does not make out a case for an enquiry. Briefly the written statement amounts to this that the respondent suspects some foul play at the polling station of Mahamadpur where these votes were recorded. In the first place mere suspicion is not enough. In the second place the idea of a plot must be discarded since it resulted in the respondent's favour. Then it appears that the polling officer has admitted his responsibility. This is admitted in paragraph 12 of the written statement. We are therefore not called upon to embark on an investigation as desired by the respondent.

The election petition then must be decided on the issue whether the ballot papers stamped with the official seal indicative of the Legislative Assembly were rightly rejected or not. The learned Vakil for the respondent contends that they were rightly rejected because the proper seal was not used. There is a prayer in the alternative that a fresh election might be ordered. The election did take place and the only question before us is which of the two candidates had a majority of votes. We cannot therefore direct a fresh election.

For the petitioner, Halsbury's Laws of England, Vol. XII, page 317, was quoted. The case of Cirencester 4, O'M. and H. 195. is the case in point. It was held that where the evidence is that the presiding officer has intended to make and has in fact made what fairly looked at indicates that a recognisable official mark is upon the back of the ballot papers, the ballot paper is not to be rejected for want of the official mark. As observed by the learned Vakil for the respondent, this does not help us. Then the question was whether any official mark was used at all. Here we have a case where a wrong official mark was used. There is no guide for us in the English cases for apparently no such case ever occurred in England. We propose to follow the rule of equity and good conscience. The law that a ballot paper must be rejected which has not on its back the official mark was designed to set at rest the question whether the particular ballot paper was issued by the polling officer. Here there is no doubt that these ballot papers were stamped by the polling officer with a wrong official seal and issued to the voters. We hold that the votes recorded in these ballot papers in the petitioner's favour should be counted for the petitioner unless otherwise invalid. We have carefully examined the rejected ballot papers and we find that there was a clear majority of votes in favour of the petitioner. We hold therefore that the election of Maulvi Rafiuddin Ahmed should be declared void and should be set aside under section 44 (clause C). We hold that the petitioner should be declared to be duly elected to the Bengal Legislative Council.

In the peculiar circumstances of the case we recommend that the parties should bear their own costs.

Election Case No. $\frac{3}{7}$ of 1924.

Maulvi Mahmud Suhrawardy

versus

Maulvi Zunoor Ahmed.

Report.

This is a petition of Maulvi Mahmud Suhrawardy against the election of Maulvi Zunoor Ahmed from the Burdwan Division South (Mahomedan) Constituency. The latter was elected by the narrow majority of three votes. The petitioner asked for a scrutiny and recount on certain grounds. The respondent filed a recrimination petition under Rule 42 of the Bengal Electoral Rules after depositing the security required under Rule 35 and intimated that he would give evidence that the election of the petitioner would have been void if he had been the returned candidate.

Issues were framed and witnesses examined. We were considering whether the petitioner had made out a *prima facie* case for a scrutiny and recount when the petitioner filed an application for leave to withdraw from his petition. The respondent did not oppose the petition of withdrawal. He in his turn gave up his petition of recrimination. The parties agreed to bear their own costs.

The petitioner stated that he was in bad health and that he realised that his petition involved a prolonged enquiry, which he was unable to attend to. We examined the petitioner and the respondent and we are satisfied that the petition of withdrawal has not been induced by any bargain or consideration. We therefore allow the petition to be withdrawn. We recommend that the parties should bear their own costs.

IRRIGATION DEPARTMENT.

NOTIFICATION.

No. 161.—The 14th April 1924.—In exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to make the following revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, with effect from the 10th May 1924, in supersession of all previous notifications on the subject:—

Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhanga khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Tuakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71. of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below:—

Class I.—To include all vessels of the usual native types of build, including *salties* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements:—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—**Salties.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed: Provided that the Superintending Engineer of the Southern Circle may at his discretion permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas four: Provided that for tickets on which the total tollage is less than five rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa: in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggies* in any specified part of the canals or on the banks.

14. Election Case No. 14 of 1924.

Rai Prosanna Kumar Das Gupta Bahadur ... *Petitioner,*

versus

Mr. Chittaranjan Das ... *Respondent.*

Report.

This is an election petition under rule 32 of the Bengal Electoral Rules and Regulations of 1923, presented by Rai Prosanna Kumar Das Gupta Bahadur of Bejgaon, district Dacca. He was a candidate for election from the Midnapore South non-Mahomedan Constituency. The only other candidate was Mr. C. R. Das. The Rai Bahadur personally delivered his nomination paper to the Returning Officer on the 2nd January 1924, the date appointed for nomination of the candidates. The nomination paper was completed in the prescribed form, except in one particular. The number of the candidate in the electoral roll of the constituency in which he was registered as an elector was not filled in. It appears that the Bengal Electoral Rules of 1920 did not require the insertion of this electoral roll number. The Rai Bahadur was not aware that that rule had been amended and came to learn of the amendment when filling up the nomination paper in the office of the Returning Officer. He wired to his brother at Bejgaon and also to the Subdivisional Officer of Munshiganj. His brother wired back the electoral roll number and his election agent Babu Srinath Das supplied it to the Returning Officer by a petition. The Subdivisional Officer of Munshiganj also sent a wire direct to the Returning Officer on the 3rd January 1924, supplying him with the Rai Bahadur's electoral roll number of his home constituency. The 4th January was fixed for the scrutiny of nomination papers. On that date the Returning Officer rejected the nomination of the Rai Bahadur on the ground that the omission to fill in the number of the candidate in the electoral roll was a vital defect. He found the nomination of Mr. C. R. Das in order, and declared him duly elected.

It appears, that the petitioner subsequently discovered that Mr. C. R. Das was at Bombay or Coconada on the 2nd January when his nomination paper was submitted. The petitioner wrote a letter to the Chief Secretary to the Government of Bengal in which he maintained that there was only a technical defect in his nomination paper while there was gross irregularity in the nomination paper submitted by Mr. C. R. Das. The petitioner was informed that his remedy lay in an election petition. The petitioner wrote again on the 22nd January 1924, and asked Government to take steps to remedy the irregularities. He added that he could not risk Rs. 1,000 to fight an election petition. He did not receive any reply. Thereafter he filed the present petition on the 2nd February 1924, averring that the defect in his nomination paper was only technical and pleading that, as Mr. C. R. Das could not have signed the declaration at the foot of the nomination paper after the nomination had been duly proposed and seconded, as required by law, and that as his signature must have been put on blank paper or forged, the nomination and election of Mr. C. R. Das may be declared null and void and he himself be declared to have been duly nominated and elected for the constituency.

During the trial Counsel for the petitioner offered to accept the statement of Mr. C. R. Das. Mr. C. R. Das filed a written statement annexing a statement of facts signed by him. Mr. C. R. Das stated that he left for Coconada on the 20th December 1923, but that before he left Babu Birendra Nath Sasmal and Mahendra Nath Maiti had approached him and proposed to nominate him from the Midnapore South non-Mahomedan Constituency and that the day before he left, he accepted the proposal and signed some nomination papers and left instructions to Babu Birendra Nath Sasmal to fill up completely one of the said nomination papers in all its details including the date which was to be the date appointed for the nomination, and that in pursuance of this arrangement Babu Birendra Nath Sasmal filled up the nomination paper and signed in the place set apart for the signature of the proposer, and Babu Mahendra Nath Maiti put his signature in the place meant for the signature of the seconder. Mr. C. R. Das stated also that he left instructions to appoint Babu Birendra Nath Sasmal himself (if Babu Birendra Nath Sasmal was unwilling to be the agent) as his election agent and deliver the same to the Returning Officer, after putting his signature under the clause "I hereby declare that I have appointed to be my election agent," and that Babu Birendra Nath Sasmal put in the word "myself" in pursuance of these instructions. The statement of facts was eventually accepted by the petitioner.

We should mention that at one stage of the case the learned Counsel for Mr. C. R. Das raised the contention that the petition was not *bona fide*, the suggestion appearing being that the Government had supplied the petitioner with funds to contest the election. The Rai Bahadur has given his deposition and he has stated that, he paid the money from his own pocket. We need only say that, in our opinion, the suggestion is altogether unfounded.

Not unconnected with this plea was a petition asking for a stay of the proceedings on the ground that the respondent apprehended that he would not have a fair trial before us and that he wanted time to move His Excellency the Governor to appoint new Commissioners for the trial of the petition. Time was given. We were informed that such a petition was filed and before writing our report information has reached us that the petition was rejected. In this connection we only think it necessary to say that we did not see any grounds for such an apprehension.

We proceed to consider the merits of the case. The facts are not disputed now. The only question being whether the nominations of the two candidates were good or bad, we did not think it necessary to draw up any issues. The decision turns upon the interpretation of Rule 11(3) of the Bengal Electoral Rules. It runs as follows:—

"On or before the date so appointed for the nomination of candidates, each candidate shall either in person or by his proposer and seconder together between the hours of eleven o'clock in the forenoon and three o'clock in the afternoon, deliver to the Returning Officer a nomination paper, completed in the form prescribed in schedule III and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder, whose names are registered on the electoral roll of the constituency."

The learned Counsel appearing for the respondent has taken two legal objections to the petition of the Rai Bahadur. It appears that after the nomination of the petitioner was rejected, his election agent withdrew the deposit which has to be made under rule 12. The contention is that the Rai Bahadur accepted the decision of the Returning Officer and by withdrawing the deposit he is no longer a candidate. Under rule 32 an election petition may be filed by any candidate or elector. It was argued that the word "elector" means an elector of the constituency since it would be ridiculous for an elector in one constituency to complain about any irregularity in another constituency. We are disposed to agree, but we may point out that the rule, as framed, does not place any limitation on the word elector. The Rai Bahadur is still a candidate according to the definition of the candidate in rule 30(b) inasmuch as he claims that he was duly nominated and that his nomination paper was improperly rejected. It may be again that the petitioner accepted at first the decision of the Returning Officer. If, on consideration, or under legal advice he thought that the decision was wrong he cannot be precluded from questioning the election merely because of the fact that the deposit was returned to him. There is no question of estoppel. We are considering his position on the 4th January 1924. The deposit was there on that date and if it be found that he was duly nominated the case would be met by the Rai Bahadur redepositing the money. We hold that the petition is maintainable.

The second objection is that the nomination paper of the Rai Bahadur is invalid on its face. There are four defects in it. The constituency for which the candidate was nominated is mentioned as "South Midnapore" while it should be "Midnapore South non-Mahomedan". The constituency in which the Rai Bahadur was registered as an elector is described as "Munshiganj (Dacca)—Rural" while it should be "Dacca Rural non-Mahomedan." The name of the proposer is Srinath Chandra Das. It is put down as Srinath Ch Das, and he signed as Srinath Das. The fourth defect is the omission of the electoral roll number of the candidate. The Returning Officer considered the first three defects technical, but the fourth vital.

The mistakes in the description of the constituencies are slight, and we do not think that they could possibly mislead anyone. In respect of the third defect the learned Counsel has quoted the case of *Moorhouse versus Linney* (15 Queen's Bench Division, page 273), where a nomination paper was held to be bad, by reason of the fact, that the

elector subscribed as Charles Arthur Burman when he was entered on the register as Charles Burman. It was held that the discrepancy suggested that there might be two persons one called Charles Burman and another called Charles Arthur Burman. The statute it was said however in *Bowden versus Besby* (21 Queen's Bench Division page 309), does not require that the subscriptions shall identically correspond with the entries of the names on the register. In the present case the identity of the proposer with him named on the electoral roll is not questioned. A Bengali with the name Srinath Chandra Das might sign himself as Srinath Das, or Srinath Chandra Das. The defect is very technical and carries no weight.

We have to see whether the omission of the electoral roll number of the petitioner is not. The learned Counsel for the respondent quoted the case of *Monks versus* (1 Common Pleas Division, page 683) for his argument, that the statute must be strictly. The statute said that the nomination paper must be delivered by the candidate himself or by his proposer and seconder. It was held that the delivery by an agent, therefore, will not do. In the present case the dispute is over the question whether it is essential that the form in schedule III should be filled up in every particular at the time of the delivery. The case of *Hobbs versus Mosey* (1 King's Bench Division, page 74) is quoted for the principle, that the court had to decide on the validity of the nomination paper itself. The English Law is that the decision of the Returning Officer if disallowing the objection is final, but it is not so, if the objection is allowed. It is subject to reversal on questioning the election (*Parker*, page 250). The Ballot Act lays down that no election shall be declared invalid by reason of non-compliance with the rules or any mistake in the use of the forms in the schedule, if it appears to the tribunal that the election was conducted in accordance with the principles laid down in the body of the Act. Commentators seem to be agreed that mistakes in the use of forms will not invalidate an election.

Turning to our law it has been recently held that the filling up of the date against the candidate's name is not essential (*S. N. Halder versus S. N. Mallik*). The case of *Maharajah Sir Manindra Chandra Nandi versus Hon'ble Probash Chandra Mitter* (also recently decided), was referred to for the proposition that the nomination paper must be complete on the day of the nomination. As we read that decision the principle laid down was that the candidate must be eligible on the date of the nomination. In the present case there was no question that the petitioner was eligible to stand as a candidate. Only he did not know his electoral roll number. In the rules of 1920 it was not necessary to give this number. He procured the roll number and the Returning Officer was placed in possession of that fact before the scrutiny. It may be mentioned that no objection on this point was taken on the side of the respondent at the scrutiny. The object of the information required to be furnished in the form is to allow the elector or the constituency an opportunity of testing whether the candidate is a duly qualified elector. In this particular case we find that had the descriptions referred to in rule 11(7) been affixed in a conspicuous place by the Returning Officer, not only the necessary roll, but the name of the candidate (a Rai Bahadur) therein could have been traced therefrom with no more enquiry than would have been necessary, if the nomination paper had been beyond all criticism. We are inclined to hold that, in the particular circumstances of the present case the petitioner should be held to have complied with the provisions as to the completion of the nomination form.

Coming to the case of the respondent it is pointed out by the learned Counsel that the rules do not lay down how the form is to be completed, and, in fact, in the rules the subscription of the candidate as assenting to the nomination comes before the subscription of the proposer and the seconder. It is urged, on the other hand, that the whole scheme is that the nomination should be in writing and be first signed by the proposer and seconder, and then assented to by the candidate. It is argued that a verbal arrangement is not enough and, if allowed to prevail, might lead to absurdities. It does not appear that the nomination paper has to be filled in at any particular time. It may be filled up days before the nomination and it may even be presented to the Returning Officer before the date fixed for the nomination of candidates. So that if Mr. C. R. Das and his proposer and seconder had filled in the paper before he left for Coconada it would have been a good nomination paper when delivered on the 2nd January 1924 by his proposer and seconder to the Returning Officer. What he did was to sign the nomination paper after he accepted the proposal of his proposer and seconder and leave it with instructions to them to fill up the other particulars. The learned Vakil for the petitioner has quoted the case of *Harman versus Park* (7 Queen's Bench Division page 369), to show that the nomination paper must be fully filled up before it is subscribed by anyone. The case was distinguished in *Cox versus Davies* (2 Queen's Bench Division page 202) on which reliance has been placed by the learned Counsel for the respondent. Here the candidate's name had not been put in when the proposer and seconder signed the paper. It was held that if the signatures of the proposer and seconder were taken for filling in of the name of a candidate that they did not intend it would be a different matter, but that a nomination paper signed before it is properly filled up is not necessarily bad. The present case is slightly different, in as much as the candidate signed first as signifying his assent, and then his proposer and seconder signed afterwards. The learned Vakil asks as to when the nomination was made? The nomination takes place when the nomination paper properly completed and subscribed is delivered to the Returning Officer. The course adopted by

the respondent therefore was somewhat irregular, but does not appear to be contrary to any provisions of law. We do not, therefore, think that the nomination was invalid.

Our conclusion therefore is that the nomination of the petitioner was valid and was wrongly rejected. We also hold that the respondent was duly nominated. The result is that the election of Mr. C. R. Das should be set aside and a fresh election ordered.

In the circumstances of the case, we recommend that the parties do bear their costs.

Election Case No. 3 of 1924.

Maulvi Yaquinuddin Ahmad	<i>Petitioner</i>
<i>versus</i>			
Maulvi Kader Bux	<i>Respondent No. 1.</i>
Munshi Matizuddin Chaudhury	<i>Respondent No. 2.</i>

Report.

This is a petition by Maulvi Yaquinuddin Ahmad, one of the candidates at the election for the Dinajpur Muhammadan Constituency, challenging the return of the successful candidate Maulvi Kader Bux, respondent No. 1. Briefly stated, the election is challenged on the ground that corrupt practices were committed, viz., (1) a corrupt practice under clause 1 of Part I of Schedule V of the Election Rules in that the agent or agents of the successful candidate's agent procured or abetted the personation of a voter Jhorn Mamud Mandal at the polling station at Habra School; (2) a corrupt practice under the same clause in that the successful candidate himself procured or abetted the personation of a voter Kafuruddin Shaikh at the polling station at the Dinajpur Municipal Office; (3) a charge under clause 4 of Part I of the said Schedule in that false statements of fact relating to petitioner's conduct were made in the leaflet referred to as exhibit A in the petition; and (4) a corrupt practice under rule 8 of Part II of the said Schedule in that the leaflet, exhibit A, does not contain the name and address of the publisher thereof on the face of it. On these allegations the petitioner asks that the election be declared void and that he be declared duly elected.

Respondent No. 1, the successful candidate, denies all the charges; he has also in his written statement contended that the election petition filed by the petitioner is not in proper form, and has not been properly verified; he also questions the power to allow amendment of the petition.

Respondent No. 2 has taken no part in the proceedings. We had no hesitation in declining to consider the objections taken by respondent as to the form, verification, and amendment of the petition allowed by His Excellency on the ground that it is not open to us to consider what happened from the filing of the petition to the appointment of the commission. We also held that under rule 33 (3) we have clearly power to allow amendment of particulars.

We also decided in respect of petitioner's claim to be declared duly elected that the prayer could not be seriously entertained. Respondent No. 1 obtained 4,380 votes, respondent No. 2 obtained 1,304 votes, and petitioner obtained 190. Petitioner declared in his petition that respondent No. 2 had "agreed that he will not claim his preferential right" and it was asserted at the bar and not denied, though not proved, that a material deed of release had been executed to that effect. It is clear that such an agreement can have no effect whatever and that it is an interference with the right of the electors of the constituency to select their representative by their votes. Even if there had been no other candidate it is clear to us that when polling has taken place the petitioners cannot declare a defeated candidate to have been duly elected unless after setting out the invalid votes on both sides it is found that the claimant has polled the number of valid votes actually given. We consider in view of the novelty of election proceedings in this country that rule 31 of the Electoral Rules might be amended so as to afford some guidance to petitioners as to the circumstances in which such a claim is proper.

We further decided that as the respondent No. 1 accepted responsibility for the publication of the leaflet, exhibit A of the petition, which is exhibit 2 of these proceedings, and as it did not contain the name and address of the publisher on its face the fourth corrupt practice charged had been clearly made out, but that as the petitioner asserted and respondent No. 1 admitted that the leaflet was distributed by the agents of this respondent the omission could not possibly be held to have materially affected the result of the election. Under rule 44 (1)(a) this corrupt practice would not, therefore, invalidate the election. We accordingly declined to frame an issue on this point, but reserved for our consideration the question of what recommendation, if any, should be made by us as to the exemption of the respondent from the disqualification incurred by him.

After deciding these matters we framed the following issues:—

- (1) Does the leaflet exhibit A, containing as it does extracts from the report of the Committee on the Amendment of the Bengal Tenancy Act without the observations in the Note of Dissent thereto, amount to a false statement as to the conduct of the petitioner?
- (2) If so, did the respondent No. 1 believe it to be false or did not believe it to be true?
- (3) Is the statement at the bottom of the leaflet, exhibit A, that the committee recommended the proposals to be carried into law false?
- (4) If so, did the respondent believe it to be false or did not believe it to be true?
- (5) Was either of such statements, if false, reasonably calculated to prejudice the prospects of the petitioner's election?
- (6) Is the charge of personation in paragraph 12 (a) of the petition established?
- (7) If so, was the personation at the instance of, or with the connivance of, the respondent's agent?
- (8) Is the charge of personation in paragraph 12 (b) of the petition established?
- (9) If so, was the personation at the instance of, or with the connivance of, the respondent?

Of these the issues in relation to the leaflet have, at the hearing, been found to be the most important, and we therefore reserve them to be dealt with last of all.

Issues Nos. 6 and 7 relate to the charge of personation at Habra. The only evidence adduced on this charge is that at that polling station the vote of a man claiming to be Jhoru Mamud Mandal was challenged. No further evidence having been adduced by petitioner we decided that no case had been made out which respondent was called on to meet and find that this charge of personation is in no way proved and that issue No. 7 does not arise.

Issue No. 8 deals with the charge of personation at the Dinajpur Municipal Office. It is clearly proved by the evidence on both sides that apart from the man who is said to have personated Kafuruddin six persons only were present in the polling booth, viz. the Presiding Officer, the Polling Officer, the petitioner and his polling agent, and the respondent No. 1 and his polling agent. All these have been examined, and as to most of the facts in connection with the incident there is no dispute. That a man giving his name as Kafuruddin and his father's name as something quite different from Abdul Hakim appeared at the poll; that his vote was challenged by the petitioner but that he was allowed to vote after identification, the necessary entries being made in the list of challenged votes; that subsequently another man appeared who gave his name either as Kafuruddin or as something slightly different from it and his father's name as Abdul Hakim, and that his vote was taken on a tendered ballot paper, are undisputed facts.

It was argued before us that personation being a corrupt practice a corrupt motive must be established, and that if a man has an innocent motive, or acts under a *bonâ fide* mistake, he cannot be held guilty of personation. That this is the English law as to personation seems certain, and the same view was adopted in this country in the Punjab South East Towns case reported at page 166 of Hammond's Indian Election Petitions. We are, however, unable to agree with this view and would observe that in the precedent above quoted the Commissioners followed their decision in the Rohtak case (Hammond, page 183) which relates to an offence defined in section 171C of the Penal Code, in which the word "voluntarily" occurs, and not to an offence defined in section 171D in which

no such word is to be found. As our view leads to the apparently absurd conclusion that a man may be convicted of an offence under section 171F, however innocent his intention, we consider it desirable to give our reasons for the view in order that the question of removing this apparent defect in the electoral law may be considered. The definition of personation in the Election Rules and in the Penal Code is taken from the English Corrupt and Illegal Practices Prevention Act of 1883. By that Act personation is declared to be punishable as a felony. The Act itself is silent as to the motive or intention of the offender, but the doctrine of *mens rea* as applicable to felonies has led to the decision in England that before a corrupt practice can be held to have been committed a corrupt motive (which the later authorities show may exist without any moral corruption) must be established. In this country the doctrine of *mens rea* has been inapplicable since the passing of the Penal Code on the ground that the definitions of offences in the Code describe the intention, knowledge, etc., which must be proved. A particular offence can be held to have been committed. We are therefore bound to follow the English Courts in applying the doctrine of *mens rea* and are compelled to look to the section itself in the Penal Code and to interpret it as it stands with reference to the various definitions in the Code. The section being silent as to the intention or knowledge of the offender and containing, so far as we can see, no word the definition which introduces any question of knowledge or intention, it necessarily follows that an offence must be held to have been committed whenever the requisite facts have proved, regardless of the intention or knowledge of the offender.

There is a further difficulty in the way of our accepting the English rule that a corrupt practice cannot be proved unless a corrupt motive is shown. Every electoral offence described in Schedule V is called a corrupt practice. In English Law there is a clear distinction between corrupt practices and illegal practices, and in the case of the latter motive or intention is immaterial. Schedule V includes what are corrupt practices in England as well as what are illegal practices. If therefore the English rule as to corrupt practices be followed, a practice such as the hiring of a liquor shop as a committee room, which is quite clearly meant to be forbidden absolutely, will in this country be permissible if the intention of the hirer is innocent.

We therefore hold that we are not concerned with the honesty or otherwise of the person said to have committed personation, provided his acts fall within the words of the rule. On the evidence before us in this case we are fully satisfied that there is only one entry in the Electoral Roll under which either of the two persons who voted can come, viz., entry No. 36 of Ward D in which the elector's name is given as Kafuruddin and his father's name as Abdul Hakim. We are further satisfied that each of the two persons is qualified and that both should have been on the roll. The first man's name is that given in the roll, but his father's name does not tally; the second man's name is, we are convinced, Kafuruddin *alias* Gafaruddin; he gives his father's name as Abdul Hakim, but in his service roll in the District Judge's office, where he is employed as a process-server, his father's name is given as Hakim Muhammad. While it would appear to be more probable that the entry in the roll is intended to refer to the second man, it is impossible to say with any certainty that it does refer to him and to him alone. Personation is a criminal offence, and before the offence can be held to be established it must be proved that the person entered in the roll is beyond any reasonable doubt some one other than the man charged with personation. We find it impossible to say on the materials before us that either of these two would be voters is, or is not, the voter entered in the roll, nor do we see any chance of obtaining any more light on the matter by calling any further witnesses. We accordingly hold that this charge of personation has not been proved. We wish to add that in coming to this conclusion we have considered the novelty of election procedure in this country and the knowledge of that procedure which may reasonably be expected; but we would respectfully follow the precedent of the Boston case in 1871, which is reported in 2 O'Malley and Harcastle at page 165 and observe that it by no means follows that either this commission or any other commission will, even on the same apparent state of facts, hold in any subsequent case that the offence of personation has not been committed, or in each case the existing state of knowledge and the existing circumstances have to be considered.

In view of our decision on issue No. 8 the question raised in issue No. 9 does not strictly arise; but as the charge has been made we think it only fair to respondent No. 1 to say that in our opinion even if Kafuruddin, the first comer, had been held guilty of personation, the evidence before us in no way establishes that the candidate himself did anything improper. We have not been asked to, and do not, hold that petitioner has intentionally given an untrue account, but a candidate at an election generally views the acts of a rival candidate through a dense cloud of prejudice and his subsequent recollection of any incident is liable to be affected by prejudice. The polling agent of petitioner admits that the respondent said he did not know the man; and after that statement it is obviously impossible to hold that the candidate was abetting personation. We would however observe that at this polling station the polling agent of respondent No. 1 was the brother of the Presiding Officer. We do not consider the latter in any way affected by this as he had no power to refuse to admit any authorised polling agent and there is no reason even to suspect in the present case that anything improper was done by either of these gentlemen during the voting. But the undesirability of such a close relationship between the Presiding Officer and the polling agent of one candidate is obvious, and we are surprised that the agent in question who is a pleader should not have seen the impropriety of his acting at that particular polling station.

We now turn to the most important question. Although issues Nos. 1 to 5 do not specifically refer to the interpretation of clause 4 of Part I of Schedule V it is necessary to consider that rule. There can be no question that the leaflet, exhibit 2, contains no statement about the personal character or personal conduct of the petitioner, and it has been strongly urged on behalf of the respondent that clause 4 does not apply to statements of fact in relation to the public conduct of a candidate. To decide this point we have found it necessary to refer to the English authorities and we desire to express our indebtedness to the learned pleader for respondent who has furnished us, both on this question and on the other questions of law discussed, not merely with commentaries on the English election law but with various volumes of O'Malley and Hardeastle's reports of English election cases. The contention urged for respondent finds great support from many expressions in English cases, and the rule we have to interpret is practically a verbatim copy of English law. But *prima facie* the words "personal character or conduct" do not show that the conduct must be personal, and apart from considerations arising from the conditions of a particular country which will be dealt with later, there is no apparent principle on which a deliberately false statement of fact relating to the public conduct of a candidate should be permitted by the election law. Only two instances have been brought to our notice or discovered by us in which statements as to what was clearly public conduct have been before the Election Courts in England, but we recognize that they may be due to the fact that the general trend of the English cases is in favour of the view that statements as to such conduct do not concern those courts. The first of the cases referred to is the Cockermouth case (5 O'Malley and Hardeastle, page 155). At page 163 a statement that a candidate voted in Parliament in a particular way is considered. Though holding that this was not a criticism of personal conduct Darling J. proceeded to find that it was to a very large extent true. In the Attercliffe Division case reported in the same volume Walton J. at page 223 states, "Paragraphs 3 and 4 to my mind relate obviously to public acts and to public conduct alone. I do not say that they may not be within the Act;" he then proceeds to decide the case on the ground that the statements are not false statements. We are unable to hold that the English authorities definitely decide that only statements relating to personal conduct and not those relating to public conduct come within the rule. We would observe that it appears to us a matter worthy of serious consideration whether the exclusion of statements relating to public conduct from the purview of the rule is desirable under present conditions in this country. The English law on the subject was only passed in 1895, and if it was intended to exclude public conduct the reason may well have been that the electorate was very largely literate and also in the habit of reading newspapers, which were numerous and widely circulated. False statements as to public conduct would therefore not be likely to mislead most of the electors, and their falsity could be easily and speedily shown. These considerations do not seem to apply to this country as yet, and in view of the damage which could be done to a candidate's prospects at an election by the circulation of false statements as to his public conduct we are very doubtful whether the rule was ever intended in this country to exclude such statements. We are, however, relieved of the necessity of deciding this question definitely in view of our conclusions on the question whether the present case can be brought within the rule at all.

The petitioner's case is that the leaflet deliberately ascribes to him opinions on the amendment of the Tenancy Act which he does not hold. Respondent's case is that the leaflet deals with the report of the Committee and not with the views of the individual members thereof. We are fully satisfied that if the leaflet professes to describe petitioner's individual opinions it contains undoubtedly false statements of those opinions. We also hold that if respondent intended to deal with petitioner's individual opinions he was bound to refer to the latter's note of dissent before asserting as a fact that petitioner held any particular opinion and that if he did not do so he could not expect us to hold that he really believed his statements to be true nor even that he did not know them to be false. On the other hand, we hold that if the leaflet was issued in reference to the report of the Committee there was no necessity to refer to the Minutes of Dissent. We further hold that the statement referred to in issue No. 3 clearly relates to the report of the Committee as a whole and therefore does not come within the rule as to statements about a candidate. We have been asked to hold that if a leaflet contains statements of fact each clearly true, but the inference which would be naturally drawn from them would, owing to the failure to state certain other facts, be false, then there is a false statement of facts in the leaflet. We can find no authority in support of this view and we are not prepared, in view of the undoubted latitude allowed to candidates at elections, to hold that anything except a direct statement of fact can come within the rule. Our decision therefore must depend on the answer to the question, does the leaflet refer to the individual opinions of the petitioner or to the report of the committee as a whole? After full consideration of the matter we think the answer must be in favour of respondent. We see no reason to doubt his sworn statement in view of the perfect frankness with which he accepted responsibility for the publication, and his assertion receives considerable support from the view of the leaflet expressed in Exhibit B, a letter from one of petitioner's polling agents which the petitioner filed in Court of his own accord. That the fact of the petitioner being a member of the committee was intentionally brought to the notice of the electorate is clear, seeing that his name was placed at the head of the list and Dinajpur was printed after it. But after considering the leaflet most carefully we hold that the statements of fact contained in it with which we are concerned are that a certain committee had submitted a certain report and that

petitioner was a member of that committee. Both those statements are true and as the electoral law so far as we can see does not concern itself with opinions, suggestions, inferences or innuendoes but merely with statements of fact, we hold that petitioner has failed to bring the leaflet within clause 4. We therefore answer issue No. 1 in the negative and hold that issues 2, 3, 4 and 5 do not arise.

To sum up, we hold that of the corrupt practices alleged the first three have not been proved, that the fourth charge under clause 8 of Part II of Schedule V has been proved, but that the corrupt practice did not materially affect the result of the election. We accordingly report that the respondent No. 1, Maulvi Kader Bux, was duly elected by the Dinajpur Muhammadan Constituency. We further report that Maulvi Kader Bux was guilty of a corrupt practice under clause 8 of Part II of Schedule V in the published leaflet (exhibit 2) without the name and address of the publisher on the face thereof. In view of his frankness in the matter and of the fact that the cost of printing the leaflet is included in his return of expenses filed before the present petition, we accept his statement that the omission was purely accidental. In view of the unfamiliarity of the electoral law we accordingly recommend that Maulvi Kader Bux be entirely exempted from the disability imposed by rule 5 of the Electoral Rules.

We have considered the question of costs but see no reason to depart from the ordinary rule that a person who fails to establish anything but a very minor part of his case should be mulcted in costs. We accordingly recommend that the costs of respondent No. 1, which we assess at Rs. 600, should be paid by the petitioner to that respondent and that petitioner should bear his own costs.

Election Case No. 6 of 1924.

Sashi Kumar Sen Gupta
versus
Jatindra Nath Basu.

Report.

This is an election petition from the Calcutta North Non-Mahomedan Constituency. The election was for the Bengal Legislative Council. It took place on 14th November

1923. There were three candidates, Mr. Jatindra Nath Basu of the firm of B. N. Basu & Co., Babu Krista Lal Datta, a former Accountant-General of Bengal, and Dr Sashi Kumar Sen Gupta. They polled 1,121, 996 and 808 votes, respectively. Babu Jatindra Nath Basu was declared as duly elected. The present petition was filed by Dr. Sashi Kumar Sen Gupta on the 21st December 1923. The petitioner charged Babu Jatindra Nath Basu with being guilty of practically every sort of corrupt practice enumerated in Schedule V of the Bengal Electoral Rules and Regulations. No particulars were given except in respect of the corrupt practice mentioned in Part II, section 6 of the schedule, viz., "the hiring, employment, borrowing or using for the purposes of the election of any boat, vehicle or animal usually kept for letting on hire or for the conveyance of passengers by hire". Paragraph 7 of the petition states that Jatindra Nath Basu *was by himself and other persons* *wholly* guilty of this corrupt practice. Among others nine taxi-cabs were specifically mentioned as having been used by him. There were two numbers given against each taxi-cab, CC series being the numbers of the cabs and 1880 series being numbers said to have been put on them by Babu Jatindra Nath Basu. The petitioner further alleged that on the 18th November 1923 at the counting of votes when the ballot boxes were opened by the Returning Officer, his seals were not found on some of the boxes and their covering bags and some of the seals were found broken and it was further found that the number of the ballot papers in some of the ballot boxes did not agree with the number of the ballot papers as given by the presiding officers in their ballot paper account.

The trial of the petition was fixed for the 8th February 1924. The respondent appeared before that date and submitted that no particulars had been given of the various alleged corrupt practices and that the petition ought to be summarily dismissed so far as it was founded on corrupt practices, of which no particulars were given as required by law. It was pleaded that in respect of paragraph 7 of the petition the particulars were insufficient and meagre. The respondent did not admit the allegation that the seals were found wanting or broken and put the petitioner to strict proof thereof. A copy of this petition was given to the doctor. On the date fixed (i.e., 8th February) the learned Counsel appearing for the petitioner informed us that he would limit his case to paragraph 7 and paragraphs 11-13 and first part of paragraph 14 of the petition, i.e., to the hiring, etc. of the taxi-cabs and the absence of seals on the boxes and bags. The petitioner was directed to give as far as possible particulars "of the other persons on his behalf" mentioned in paragraph 7 and to indicate some voters by name or number who were alleged to have been conveyed in the taxis mentioned in the paragraph. The issues fixed were :—

No. 1. "Was there any hiring, employing, borrowing and using of vehicles as alleged in paragraph 7? If so, did it materially affect the result of the election?" In respect of the matters mentioned in paragraphs 11-13 we were not satisfied that any rule or regulation was infringed or that the Returning Officer had done anything which he should not have done or that he had not done anything which he should have done. The petitioner was asked by us to make out a *prima facie* case and the issue framed was

No. 2. Was there any non-compliance with any rule or regulation framed under the Act? If so, has the result of the election been materially affected thereby?

The petitioner supplies for particulars on the 18th February 1924 to the effect that Jatindra Nath Basu either by himself or in his name or through agents in the name of Jatindrarath Pal or Bisseswar Sen or Gobardhan De engaged the cabs mentioned in paragraph 7 of the election petition besides other cabs. It was stated that among others one Bhupal Chandra Chakraverty and one Khite Bhusan Das, one Jadunath Pal and one Ahindra Nath Pal, four canvassers and workers on behalf of the respondent accompanied at least 50 voters in the said taxi-cabs and other cabs let out for hire "from the latter's destinations to the polling stations". The names of 11 voters were given. The petitioner had numerous witnesses summoned. He examined 39 including himself. The respondent examined 14 witnesses including himself.

We take up issue No. 2 first. Complaint is made in the petition that the doctor brought to the notice of the Returning Officer the fact of the absence of his seals and requested him to put it on record, but the Returning Officer refused to do so. The Returning Officer, Mr. Roxburgh, was examined and he deposes that as soon as the first bag from Nandalal Bose's house (one of the three polling stations) was produced in its gunny covering, the doctor said he could not find his seal on it. He was asked if his seal was affixed on it. He could not say, but he said that he had been told by his election agent that this had been done. Other boxes were opened. The seals on all four boxes were intact they were locked. Mr. Roxburgh deposed that no tampering was possible, regard being had to the arrangements, though in transit it was possible that a seal or two on the outer gunny bags got broken or fell off. Mr. K. L. Datta, who got a larger number of votes than the doctor was examined by the petitioner and his evidence is that he did not take any action as he thought it was impossible to tamper with the seals. The objection was apparently not serious and was given up as the other boxes were opened. Mr. Roxburgh has deposed that there was no complaint in respect of the ballot boxes themselves. He was able to produce 3 out of 11 bags and he showed that the doctor's seal (which the latter could not find himself) was still intact on one of the bags. One gentleman deposed that he had put the seal on the sewing of the gunny bag; but when shown the gunny bag with the sewing without a trace of any sealing wax, he could not say where he had put the seal. The learned Counsel for the petitioner contended that the petitioner had reason to suspect that the ballot papers had been tampered with. It appears that a discussion was

started in a paper called "Forward" on the subject and it is started without objection that the petitioner's party came to the conclusion that seals on all the bags and boxes in all centres had been tampered with. The doctor has deposed frankly that he did not venture to file this petition until he had the support of his party. It is suggested on the side of the respondent that it is not the doctor's own view which is being put forward but that of the party. All we need say is that the suspicion is entirely imaginary. The doctor has said nothing in his deposition contrary to what Mr. Roxburgh told us. The doctor's position is that he wished to draw attention to the subject for future guidance. He desires that gunny bags should not be used, that better bags like postal bags should be used and that there should be a record as to who was in charge of the boxes up to the time of the counting. We can leave the matter there.

The suggestion that there may have been a tampering because of the discrepancy between the figures of the presiding officers and the figures actually found in the boxes appears to be even more groundless. There were nearly 2,000 ballot papers issued. The discrepancy is only 5. According to the return under regulation XLIX every ballot paper issued to a voter may not have gone into the ballot box. It appears again that voting for the Indian Legislative Assembly was going on at the same time. In the constituency three ballot papers were rejected, because they were meant for the Indian Legislative Assembly. It is possible that these five electors of this constituency put the papers in boxes meant for the Indian Legislative Assembly or did not eventually exercise their right to vote. We were repeatedly asked to send for the ballot papers and hold an enquiry. We are surprised that it should be thought necessary to institute any enquiry on such slender materials. It is not shown that there was any non-compliance with any rule or regulation. Issue No. 2 is decided therefore against the petitioner.

We come to the first issue. Under the English Law it is now an illegal hiring to let or hire or employ or use for the purpose of conveying electors to or from the polls any public stage or hackney-carriage. The offence of illegal hiring becomes an illegal practice when committed by the candidate, election agent or sub-agent and when so committed, the election may be set aside. (Parker, page 294-295). The illegal practice must be brought home to the candidate or his agent. Where several hired motor-cars were lent to a candidate by a friend, but it was proved that, although the candidate had asked the friend for some cars, he did not know and had no reason to suppose the cars sent had been hired, it was held that the friend not being an agent no illegal practice, for which the candidate was responsible, had been committed (East Dorset 6 O'm and H., pages 37 and 48). With us (the section has been quoted above) it is apparently not necessary to show that the candidate or his agent hired the taxis; but on the other hand the election can only be set aside if it is proved that the result of the election has been materially affected by the hiring or use of such taxi-cabs.

There is a great conflict of evidence on the point whether taxi-cabs were used at all. On the one hand we have the petitioner and his witnesses asserting that from 1 to 100 taxi-cabs plied all day long displaying Mr. Basu's placards. On the other hand we have the respondent and his witnesses from the different centres denying that there was any taxi-cab at all on their side. Canvassers and workers alleged to have been working for Mr. Basu are produced by the petitioner to show that they used taxi-cabs to bring voters; but Mr. Basu and his men repudiate these allegations. The petitioner's witnesses declare that taxi-cabs were noticed and the matter discussed and the numbers of taxi-cabs taken. Mr. Basu and his men say that the matter was never discussed to their knowledge or at any rate never brought to their notice on the polling day. It again appears that the matter was discussed in the papers and the contention of the defence is that the petitioner's party imagined certain numbers of taxi-cabs which they put in in the original petition and having failed to substantiate their case as regards these they have procured other evidence on which no reliance can be placed. It is urged that no witness will take the responsibility of having furnished the original numbers of taxi-cabs given in the petition. It is pointed out that none of the agents mentioned in the particulars supplied by the petitioner on 18th February 1924 was examined by him and that of the 11 voters mentioned therein only 1 was examined (who did not support the petitioner) and that they produced various other witnesses to prove that about 47 others were taken to the poll in taxi-cabs (8 or 9 have deposed for the defence showing that the evidence of these witnesses is not reliable). It is pointed out that taxi-cab drivers, partisans of Mr. K. L. Datta and the doctor and so-called independent men are produced at the last moment to prove that numerous taxi-cabs were used. Complaint is made that the petitioner was in possession of a volume of evidence which he did not disclose and that he was allowed to examine witnesses in violation and in breach of the directions given and contrary to the law on the subject. Particulars, said Lord Justice Lindley, are in the nature of an indictment (1895, 2 Queen's Bench, p. 152). It is urged that the particulars have been given a go-bye and evidence produced at the last moment with the evident object that the sitting member would not be able to meet it. It is contended, however, on behalf of Mr. Basu that when they have been able to test the evidence produced, it has been found wanting and that the whole evidence produced does not stand the test of examination. It is acknowledged by the learned Counsel for the petitioner that he may not know of the particulars, but that when he has them he should supply them to enable the sitting member to defend his case. His argument was that he did not know them. It appears that Revati Babu, a member of the Congress Party, took charge of the case and he procured the evidence. He may be an estimable man, but although he was present in

Court throughout, he did not come into the witness-box and inform us when and how he was able to get all this evidence. This case is the first of its kind in India and we considered it desirable to take all the evidence offered in order to have as full an enquiry as is possible. The examination of the witnesses is open to the interpretation that most of them had been approached by Revati Babu before the further particulars were furnished and the nature of the evidence in the petitioner's possession was kept back in order to take the respondent by surprise. The question now is whether this evidence could be believed or not.

The charge that Mr. J. N. Basu was by himself or other persons on his behalf of employing taxi-cabs has failed. The petitioner did not examine the three agents named in the particulars. The respondent examined Bisheshwar Sen. No question was put to him about Mr. Basu or his agents hiring the taxi-cabs. The four canvassers named in the particulars were examined by the petitioner. Bhupal Chandra Chatterjee's evidence is of no assistance. He said that he thought the motor in his charge was a taxi, because the driver was a Sikh. Jadunath Pal, Ahindralal Pal and Khitibhusan Das Gupta have given positive evidence that they worked for Jatin Babu and each says that he brought voters in a taxi-cab. They said that they worked at the instance of Babu Promatha Nath Choudhury. Ahindralal Pal alleged that he went to Jatin Babu's and got a taxi from Jatin Babu and took it to Promatha Babu. Jatin Babu and Promatha Babu (a young zamindar and banker) deny knowing them at all. It is not insignificant that these young men came from 16-1, Abhoy Charan Mitter's Street, where one of the principal canvassers of the doctor, a cousin of Khitibhusan, lived and worked for the doctor. Ahindra deposed that he took among others Sarat Kumar Mitter (the son of a High Court Judge) in his taxi. Sarat Kumar Mitter deposed for the respondent and stated that he did not know Ahindra and that he went to the poll in a private motor-car. The petitioner examined Suresh Chandra Basak who says he noticed about ten taxis working for Jatin Babu and carrying about 25 to 30 voters. He had worked for Jatin Babu before the election day, but had left his work either because he was not getting enough money or because he was not being paid in advance. Obviously this witness has a grievance against Jatin Babu or his agent Durga Charan Babu. Binoy Krishna Roy was examined also as a canvasser of Jatin Babu and he deposed that Hem Chandra Ghosh had given him a taxi. Binoy Krishna's brother Jiban Krishna was examined and he deposed that he was taken to the poll in a taxi by Hem Chandra Ghosh. Hem Chandra Ghosh, who is a relative of Mr. J. N. Basu and who worked for him, deposes that these two men were working for the Swaraj Party and not for Jatin Babu. Jiban Krishna's evidence is that he saw Jatindra Mohan Bose a voter coming in a taxi. The latter (the Senior Assistant of the Director of Industries) has deposed that he was fetched from his office by his son in a car belonging to Jatin Babu's side and he was not cross-examined as to whether it was a taxi. Babu Jatindra Nath Basu is emphatic in his denial that any taxi-cabs were used. He has examined his men from the different centres who are equally emphatic. They are men of responsibility and position. Our impression is that this evidence produced by the petitioner is not reliable.

We do not propose to examine the rest of the evidence at great length. The doctor, his brother a professor, Mr. K. L. Datta and others have deposed that they saw taxi-cabs bearing Mr. Basu's placards. It is not likely that they are telling an untruth. Some taxi-cabs must have been there. It is difficult to say how they came in. It appears that Mr. Basu asked many friends (Marwaris included) to supply their private cars. It is not impossible that some of these friends sent taxis among the private cars. We feel extremely doubtful however that taxis in any large numbers were used.

We learn that the use of taxi-cabs was a feature in the election in Calcutta and the neighbourhood. It appears that Messrs. Cook & Co. have a fleet of about 100 taxi-cabs. About 30 generally are on the road. They bear the number C. C. series. Quite a large number was sent out on election days with the metre removed and the C. C. number covered over by the numbers in 1880 series (1880 being their garage number). The suggestion was that Messrs. Cook & Co. supplied a large number of these cars to Babu Jatindra Nath Basu. It was suggested that Gobardhan Das, one of the Directors of the Company, was a relative of Mr. Basu. This was denied by Mr. Basu and Mr. Basu deposed that he had read the rules and had impressed on his agents and workers not to use any taxi-cabs. The petitioner examined Tin Cowri Bose of the firm of Messrs. Cook & Co., but he did not support the petitioner. His evidence was that the taxis were being got ready for Sitanath Pal (a candidate from another constituency) for his use on the 15th November and that on this particular date, viz., 14th, he sent out only 12 taxis to Sitanath Pal in response to a telephone message from Madan & Co., who ordered the cars for Sitanath Pal. He was positive that no cars were sent out for Babu Jatindra Nath Basu on this date. It appears, however, that Messrs. Cook & Co. are ready to hire out taxis as private cars (after taking the metre out) on advance payment and it seems to us not impossible that some of Mr. Basu's friends might have hired some taxis and sent them out mixed up with their own cars for Mr. Basu's use. The petitioner examined three taxi-drivers who were at the time in the employment of Messrs. Cook & Co., Bimla Kanta, Thakur Pada and Rajendra Pal, and they deposed that they drove out taxis which were used for Mr. Basu's election. According to two of them at least Revati Babu must have been aware of their evidence before the date on which further particulars were furnished; but they are not mentioned therein. Tin Cowri Bose deposes that at this time Rajendra was working elsewhere. Bimla Kanta and Thakur Pada may have driven

taxi-cabs and worked in the election for Mr. Basu; but their evidence that they went out 8 or 9 in number has to be accepted with caution. They are not men who are above influence. It is to be noted that Thkurpada was not even summoned.

The original list given in the petition was obtained by Revati Babu according to the doctor. Now there is some discrepancy in the evidence as to when Revati Babu obtained it. The learned Counsel for the respondent urges that the list must have been obtained after the petition was filed. The list is admitted to have been made by Jiban Krishna Saha, a canvasser of Mr. K. L. Datta. Jiban Krishna deposed that he had given the numbers to Mr. K. L. Datta; but Mr. K. L. Datta denied that he ever consulted Jiban Krishna. Revati Babu is said to have gone to Babu Hari Sankar Pal and the latter sent for this list and gave it to Revati Babu. Jiban, however, tells somewhat different story. He thinks that the petitioner got the list prepared by Jiban; but there is no guarantee that the list was correctly prepared by Jiban. He was in service at one time in Spence's Hotel for two or three years and was dismissed. He professes even now not to know the reason for his dismissal.

Mr. K. L. Datta made a list himself. He wrote a letter to Mr. Roxburgh at one time giving the numbers. It was marked "Private" and "Confidential". Mr. Roxburgh has deposed that 20 or 30 numbers were probably mentioned. Mr. Roxburgh did not preserve the letter. It would be unsafe to act upon the supposition that there were 20 or 30 taxis used. Passions at election time run high. Obviously Mr. Datta wrote to Mr. Roxburgh merely to score a point against Mr. Basu. It may be doubted whether he was serious since he did not keep a copy of the letter and did not intend to follow up his complaint. Another list comes from Pulin Behari Mitter, an election agent of Mr. K. L. Datta. He says he did not show the list to Mr. K. L. Datta. He produced a note-book from which he gave the numbers of 11 cars in 1880 series. Two of these numbers agree with 2 in the list made by Jiban Krishna Saha and mentioned in the original petition. We are not disposed to accept a list flung at us at the last moment. Mr. Basu has deposed that the feeling between him and Mr. K. L. Datta was embittered and it is noticeable that the lists or the effective evidence about taxi-cabs come from his side. The doctor's brother said he had made a list, but he lost it. The evidence is that taxi-cabs were noticed and the matter discussed, but there is a wide divergence between the observation of different people. Mr. K. L. Datta thinks 60 or 70 or even 100 taxis were used. Basanta Kumar Bose, an onlooker, was examined and he deposed that there was a discussion among canvassers, but he could see only one. The evidence of people that they saw 20 or 25 taxis is open to the objection that they may have seen 1 or 2 taxis coming backward and forward and jumped to the conclusion that 20 or 25 taxis were used. If taxis were used in such large quantities, there was nothing to prevent the workers of the rival parties in taking the number and comparing notes and ascertaining the exact number used. Our impression is, therefore, that some taxis were noticed, but not any large number of them and that the matter has been discussed since and the imagination of witnesses fed by such discussion until they have come to the conclusion that a very large number of taxis was used.

It appears that Mr. K. L. Datta had 120 private cars besides horse carriages and he polled only 996 votes. Mr. Jatindra Nath Basu had 110 motor-cars and about 30 carriages. There is no reason to believe that he could not command as many private vehicles as Mr. K. L. Datta. With 140 at his disposal he could have brought his entire body of supporters—1,121 in number—to the poll by putting about 8 voters in each vehicle and by using it only once. Estimates therefore by petitioner's witnesses to the effect that some vehicles carried no less than 15 or 20 voters in the course of the day seem to us to be entirely fanciful. Mr. J. N. Basu's majority over the next candidate—we may note—was 125. If we could believe from the evidence that 50 or 60 taxis were used, we might have held that this was sufficient to show that the result of the election was materially affected thereby, but even then the question would arise whether the voters carried in those taxis would not have voted as they did or would have refrained from voting—if the taxis had not been there. Assuming that 125 voters were so carried and that they voted for Mr. J. N. Basu, if they would have voted for him *in any case* how could it be said that the result of the election was materially affected by their carriage? We note in this connection that the alleged voters who were examined by petitioner were not questioned by him on this point. They were not asked for instance: "Would you have voted as you did if you had had to walk?" If again the vote has to be rejected as tainted it is not impertinent to ask whether the voter knew or had reason to believe that he was being taken to the poll in a forbidden conveyance. It may be a very hard matter to upset an election under section 5, Part II of Schedule 5 read with rule 44; but we are not concerned with that. Holding as we do on the evidence that only a very few taxi-cabs could have been used, our conclusion is that it is not established that the result of the election has been materially affected by such use or employment.

We hold therefore that this election petition should be dismissed. It is a case where some costs ought to be granted to the respondent. We recommend that the petitioner should pay the respondent's costs, Counsel's fees being estimated at 5 gold mohurs for each day of the hearing.

NOTIFICATIONS.

No. 5705A.—The 26th April 1924.—Rules for recruitment to the Bengal Civil Service (Executive) and the Subordinate Civil Service were published in notification No. 1650A.D., dated the 31st July 1913. The decision to substitute competitive examination for the previously existing system of nomination for the recruitment of these services, and the orders issued regarding the introduction of the time scales of pay, have rendered most of these rules inapplicable, and the following revised rules are published for general information :—

Rule 1.—Appointments to the Bengal Civil Service (Executive) and the Subordinate Civil Service will be made (1) by the promotion of selected officers who are already in Government service and (2) on the results of an annual examination.

Rule 2.—The Governor in Council will determine each year the number of appointments to be made during the year to each of these services.

Rule 3.—Of the number of appointments to be made in any one year, ordinarily 35 per cent. in the case of the Bengal Civil Service (Executive) and 20 per cent. in the case of the Subordinate Civil Service will be filled by the promotion of officers who are already in Government service. Nominations for these appointments will be made by the Revenue and the Agriculture and Industries Departments and by the Board of Revenue. The age of an officer nominated under this rule should not save in exceptional circumstances exceed 40 years.

Rule 4.—Rules for the recruitment of these services by competitive examination will be published from time to time in the *Calcutta Gazette*.

Rule 5.—All officers appointed to the Bengal Civil Service (Executive) or the Subordinate Civil Service will be on probation for two years. An officer who has been promoted from the Subordinate Civil Service to the Bengal Civil Service (Executive) will be confirmed at the end of that period, provided that he has shown himself to be fit for the appointment. Officers promoted to the Subordinate Civil Service and all officers appointed on the results of the annual examinations are required to undergo a course of training and to pass the departmental examinations, during this period of probation. Such an officer will become eligible for the increment of pay at the end of the first year's service on passing the departmental examination by the lower standard, provided that he has submitted the records of cases required under the departmental examination rules to

he satisfaction of the Legal Remembrancer. His confirmation in the service and his further increment of pay will depend on—
